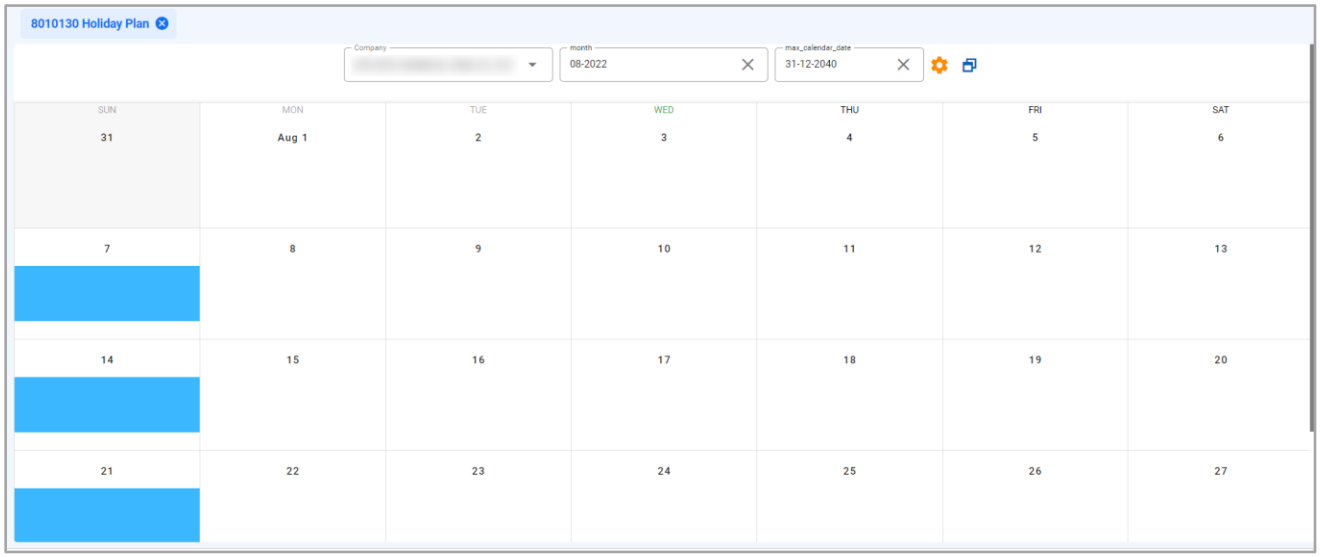
HOLIDAY PLAN

1. **Path:**

   GS General setup/ GS0200 HR Basic Information/ 8010130 Holiday plan

2. **Image:**

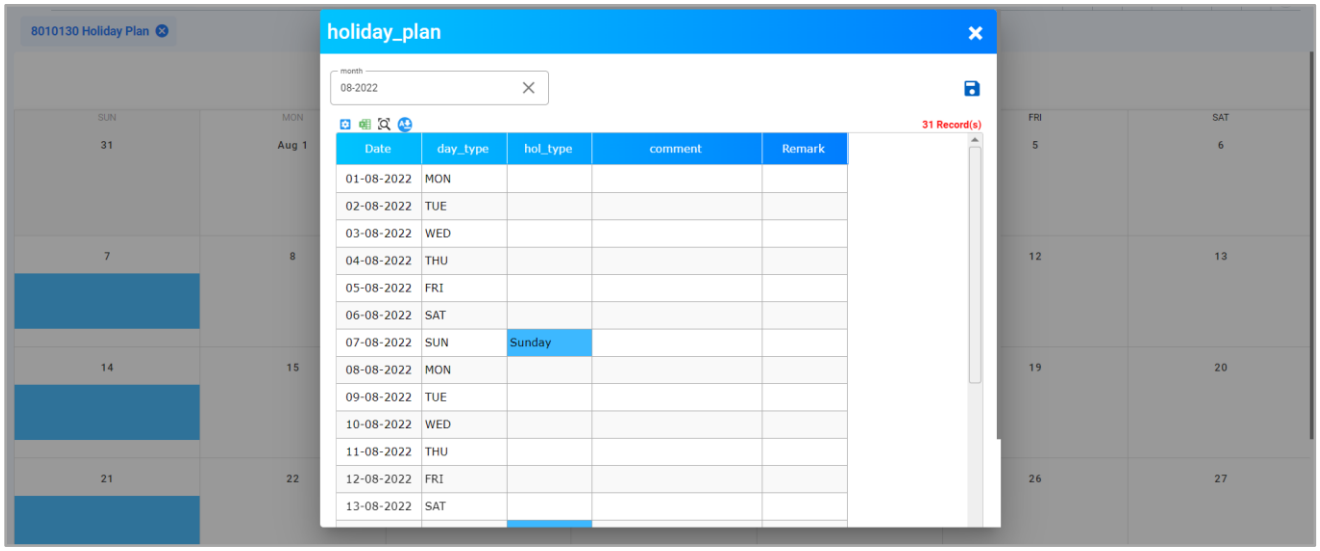


3. **Definition:**

   "**Holiday plan"** form is used to register Sunday, Holiday and Compensation day off

4. How to use:

➢ Register Sunday, Holiday or working day



- Choosing month which user want to register at **Month**.
- Click to open another pop up.
- Choosing day type at **Holiday Type column: Holiday**, **Sunday** or **blank space** (working day).
- Input note at **Comment** column.

- Click to save.
- Clicking to close the pop up.

➢ Register Compensation day off:

Ex: Monday (08/08/2022) is the cutting down electricity day so company will take a day off on Monday, employee will have to compensate in Sunday (07/08/2022). User will register as below:

- Choosing work month 08/2022 at Month.
- Clicking to open another pop up.
- In the pop up:

+ choose working month 08/2022 at Month

+ choose **blank space** for Sunday (07/08/2022) at Holiday Type column.

+ choose **Sunday** for Monday (08/08/2022) at Holiday Type column.

- Clicking **Save** to save the registered information.
